

Introduction to IPR

Therese Catanzariti

- 
- you can see and touch a factory
 - you can see and touch a computer

 - *IPR is intangible*
 - open your eyes – its all around you

 - but don't look in balance sheet / corporate records
 - *its not nicely wrapped up in a licence agreement*
 - YOU have to identify and document IPR

**UPM paper
mill quality
control
systems**

Finlandia Vodka

**Kone method for
installing an
elevator**

**Marimekko
t-shirts**

how does the business use the IP

Does the business manufacture / buy / sell products / services *incorporating* the IP?

Does the business *use the IP to* manufacture / buy / sell other products / services

Does the business manufacture / buy / sell products and services *by associating the IP with* products / services

Does the business manufacture / buy / sell
products / services *incorporating* the IP?

- is the IP the actual product / service”
- does the product / service include the IP’s actual expression – copy the actual words and pictures

OR

- does the product / service include the IP’s underlying ideas

Actual expression

COPYRIGHT

- books

- 
- difference *using* and *incorporating / including* IPR
 - owning copyright in a manual / book gives the owner the exclusive right to **copy or distribute** the manual / book
NOT the exclusive right to **use** the facts / ideas in the manual / book
 - the information in the manual / book is ideas
 - Can only protect ideas through **trade secrets**
NOT copyright
